FOOTNOTES:

Prerequisites/Corequisites: Other restrictions may apply. Please see your course catalog for detailed prerequisite/corequisite requirements.

Grade Requirements: CR/NC grading is not permitted in courses for the Kinesiology major, except in those courses which are designated CR/NC grading only. A grade of C or higher in all required coursework is necessary for successful completion of the major. Any course required as a prerequisite must be completed with a grade of C or better before registration in the subsequent course. Required major courses may be repeated only once to achieve a C or credit grade. Any student who must repeat more than two major courses will not be permitted to continue in the major.

General Education: Units in this area may be used toward a minor (see departmental minors) or supplemental credential. Consult the appropriate department chair, program coordinator, or faculty adviser for further information.

Electives (11 units): Units in this area may be used to satisfy credential requirements or a minor in another field. Students must earn a minimum of 120 units total to graduate. The number of required elective units may vary, depending on the amount of units earned from major and GE courses.

Upper Division Writing Skills requirement (UDWS): All undergraduate students must demonstrate competency in writing skills by passing the Upper Division Writing Exam (UDWE) or by obtaining a C or better in an approved upper division writing course, identified by the letter "W."
