

# WILLIAMS SELYEM

Williams Selyem Winery is a leading producer of small-batch Pinot Noirs, Chardonnays, and Zinfandels located in the Russian River Valley. We are a team that is passionate about crafting exceptional wines that express the uniqueness of the extraordinary vineyard sites we work with.

We are hiring hardworking, passionate, detail-oriented, and fun individuals to fill out our 2021 harvest crew. The Williams Selyem Harvest Interns work closely with the winemaking team and play a crucial role in crafting our wines.

#### Duties include:

- Fermentation management: punch downs and foot treading
- Crush pad operations: grape receipt and processing.
- Draining tanks by gravity, pressing, and Barrel filling
- Yeast and bacteria culture propagation and inoculations
- Grape maturity sampling and processing
- As well as, topping, cleaning, etc.

#### REQUIREMENTS:

- At least one harvest experience and previous forklift experience is preferred.
- General knowledge of winemaking and viticulture
- Ability to climb, bend, stand for prolonged lengths of time, and be able to lift 50lbs.
- Ability to work long, flexible hours through busy harvest time.
- Candidates must be at least 21 years of age by start of internship.
- Ability to lawfully work in the USA.

Candidates should be very organized, accurate, be able to efficiently multi-task. Successful interns have a good understanding of winemaking concepts and have a positive attitude. We strive to form a diverse crew that works tightly together so being a team player is key.

The internship begins approximately in early August and continues through October. There is an opportunity to work for an extended period post-harvest depending on individual performance. Hourly pay rate is determined based on experience.

Interested candidates should email Jessica Gilmore: [jgilmore@williamsselyem.com](mailto:jgilmore@williamsselyem.com). Please include a resume and cover letter explaining your interest in Williams Selyem.
