

Winemaker

Gnekow Winery is looking for a hands-on winemaker to assume responsibility for our medium sized winery just outside of Lodi, CA. If you are pleasant, responsible, creative, self-starter Gnekow Winery is a great place to grow and expand your horizons. This position offers a hands-on, wide-ranging experience in winemaking from vineyard to bottle... And the **opportunity to create your own personal vintage!**

Gnekow Winery produces bulk and case goods from estate and purchase grapes. Candidate will perform duties related to all aspects of winemaking: harvest and fermentation, filtering, production, and bottling.

General Responsibilities:

- Grape sampling and analysis
- Vineyard data collection and winemaking documentation
- Participate in and monitor pick, crush, fermentation, press barreling, blending, and bottling.
- Assist in selection and procurement of winemaking equipment and supplies.
- Contribute to online presence (website, social media, etc.)
- Supervise and work alongside the cellar team.
- Evaluate and enhance existing wine in production.
- Prescribe winemaking methods/protocols for future vintages.
- Other related projects

Qualifications:

- Ability to work as a team with positive attitude, to set and meet deadlines.
- Willingness to work hard and learn, to research and work independently.
- Ability to network in industry and academia for problem solving.
- Wine/vit or ag major preferred; valid driver's license
- Ability to walk/hike distances on uneven ground, lift to 50 pounds, work outside in hot or cold weather or variable shifts, and stand for long periods.
- Full time job
- Pay dependent on experience.
