

**SAMPLING POSITION - 2021  
E & J Gallo Winery - Fresno**

Start date: August 9 or the 16 (depending on when harvest starts)

Duration: Can go up to the first or second week of November, 2021

Tasks include: Pulling fermenter samples for the winemakers to taste and general lab upkeep – restocking glass bottles, keeping the winemaking lab tidy, etc.

Schedule: 6 days a week, Monday – Saturday and should only take about 3 hours a day.

Students who have held this position in the past typically have everything completed by 7am (we request that samples be pulled before 8am) so they are able to get to their classes on time.
