

Sonoma Valley Custom Wine

Sonoma Valley Custom Wine is the premier custom crush facility for ultra-premium winemaking in the region. With over 30 customers, our harvest internship will expose willing candidates to an array of different winemaking styles. This hands-on position will run from August through November.

Primary duties:

- Fruit receiving, sorting, crushing and pressing
- Monitor fermentations
- Pumpovers, punchdowns, inoculations, nutrient additions
- Cleaning and sanitation
- Other general cellar operations

Qualifications:

- Students or recent grads in Enology or related disciplines are encouraged to apply
- Winery experience preferred but not absolutely necessary
- Willing and able to work long hours, while getting dirty and sticky, for at least six days/week
- Attention to detail and careful record keeping
- Positive attitude, open to learn, and punctual
- Ability to lift 50 lb

Please send resume and cover letter to Ron Goss: ron@sonomavalleycustomwine.com
