

APPLICATION FOR ADDING A SINGLE SUBJECT MATH OR SCIENCE CREDENTIAL OR AUTHORIZATION TO AN EXISTING CREDENTIAL

* INSTRUCTIONS *

The following items are required to add an additional mathematics or science credential/authorization to a valid Multiple or Single Subject credential:

1. **Fresno State credential application** (on the next page)
2. **Official transcripts** that show your subject matter coursework, including the Single Subject Mathematics or Science teaching methodology course that you took if you're adding on a Single Subject credential (including FLGS and FLM). At Fresno State, this methodology course is CI 161. (Note: A science credential holder adding another science area does not need to take another science methodology course.) If you are **mailing** your official transcripts, they must be in a sealed envelope from the university. If you are sending **electronic transcripts**, they must be **sent directly to Sherri Nakashima at sherrin@csufresno.edu**. (If the e-transcripts are sent to anyone else, the Commission on Teacher Credentialing will not accept them.)
3. **Copy of valid CSET scores** or original letter verifying subject matter competency (not required for Supplementary or Subject Matter Authorizations).
4. **\$100 money order or cashier's check** made payable to the "Commission on Teacher Credentialing" (personal checks cannot be accepted).
5. Download this form: www.ctc.ca.gov/credentials/leaflets/414.pdf. Fill out sections **1, 4, 5 and 7**. (Note: Do NOT send this form to CTC.)
6. Copy of your current credential verifying that you hold an English Learner or CLAD authorization.

Note: If you are earning your initial **Preliminary** credential, please go to <http://www.fresnostate.edu/kremen/teaching-credential/cred-cert.html> for alternative instructions.

Mail all of the items above in one packet to the following address (or bring to Kremen Rm. 250):
